

To whom it may concern

Athens, 14 December 2017

Hereby we would like to confirm that the Association EURATOM – Hellenic Republic worked together with PCO CONVIN for the purposes of organizing the 17th European Fusion Theory Conference (EFTC-17). The conference took place between the 9th and 12th of October 2017 at the Ionic Centre in Athens, Greece.

PCO CONVIN handled the entire planning and organizing process with the upmost professionalism and efficiency. PCO CONVIN can be characterized by their enthusiasm for their work, their willingness to satisfy their clients' needs and their hard work ethic. This is achieved by their excellent staff, who are friendly, considerate and responsible professionals.

During the preparation of the conference PCO CONVIN and its staff showed great professionalism and were very eager to accommodate all our requirements. All communications were thorough and transparent, enabling us to have full control over the management of our conference, while the company provided additional flexibility in certain financial transactions that enormously helped us.

During the days of the conference, their on-site presence proved very helpful and were characterized by kindness, eagerness and responsibility.

Our overall experience in cooperating with PCO CONVIN was very positive and all duties were delivered timely and effectively. This provided additional confidence to our team that a very positive result could be achieved.

It is thus with great pleasure to recommend PCO CONVIN to anyone looking for a professional conference organizing company.

Sincerely,

Dr. Christos Tsironis
Researcher
National Technical University of Athens
Association EURATOM – Hellenic Republic
Chairman of the EFTC-17 Local Organizing Committee
