Subject: Letter of recommendation

To whom it may concern:

I am writing to thank PCO-CONVIN's team for their outstanding efforts and excellent organization of the ESB 2017 Conference, held in Athens, 4-8 September 2017.

I am convinced that PCO CONVIN's involvement - starting with the bid process, throughout the pre-congress period, the onsite and finally the post period - contributed significantly towards a successful Congress. I was impressed by the professionalism and effectiveness that the team has shown during this long period. The feedback I received by many attendees confirmed the fact that this was one of the best ESB conferences in the history of the event.

I have already recommended PCO CONVIN to several of my colleagues who intend to organize a Congress.

Sincerely

Maria Chatzinikolaidou
